<b>MIL-PRF-8184F</b> Type I; Class 2 (suitable for stretching)	<b>ROHAGLAS® GS 249 ACRYLIC SHEET</b>
<b>MIL-PRF-25690B</b>	<b>ROHAGLAS® GS 249 ACRYLIC SHEET</b> Please call (207) 324-6000 and press Option 3 for further information

These products are tested and certified per the specification listed. Certifications are sent either with product or via automated fax system. Non-standard certification requirements may be subject to an additional processing fee.

<sup>1</sup>ACRYLITE GMS sheet is tested and certified per MIL-PRF-5425E. Certification to AMS-LP-391 requires additional destructive testing and may be subject to minimum order quantities and/or a \$250 processing fee. Please contact your Sales Representative or Customer Service for further information.

<sup>2</sup>ACRYLITE GPU sheet is tested and certified per AMS-LP-391. This certification requires destructive testing and thus may be subject to minimum order quantities and/or a \$250 processing fee. Please contact your Sales Representative or Customer Service for further information.
