

MAKROLON® HYGARD BR1000 Sheet

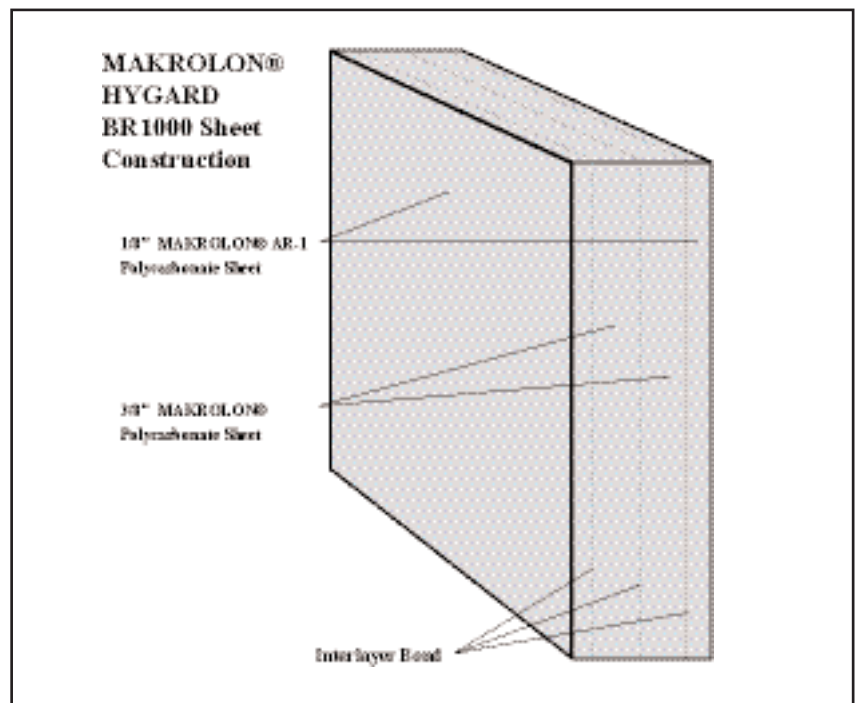

Ballistic Glazing

MAKROLON HYGARD BR1000 Sheet is a four-ply laminate which meets stringent UL752 Level 2 for ballistic glazing applications. Constructed of polycarbonate sheets, the laminate also features an abrasion and UV resistant coating for extended service life in harsh environments.

Applications

Government and detention facilities, financial institutions, heavy equipment glazing, specialty retail and 24 hour convenience stores, as well as other cash transaction areas.

Gauge/Tolerance	1.05 in +/- 5%
